## PROFESSIONAL SUMMARY

Full-stack software developer with 2+ years of experience in building scalable and high-performance web applications using Angular, .NET Core, ASP.NET MVC, Web APIs, and SQL Server. Skilled in C#, JavaScript, TypeScript, and SQL, with hands-on experience in ADO.NET, Entity Framework Core, and RxJS for reactive programming. Proficient in debugging, unit testing (xUnit), and maintaining code quality using SonarQube and SonarLint. Adept at working in Agile environments with Git, TFS, and Azure DevOps (CI/CD pipelines).

## TECHNICAL SKILLS

- Frontend: Angular 13+, RxJS, HTML5, CSS3, Bootstrap, JavaScript (ES6+), TypeScript
- Backend: .NET Core, ASP.NET MVC, Web APIs, ADO.NET, Entity Framework Core
- Databases: SQL Server, PostgreSQL, Stored Procedures, Query Optimization
- Tools: Git, TFS, Azure DevOps (CI/CD), JIRA, SonarQube, Docker
- Other: Agile (Scrum), API debugging, Microsoft Office

## PROFESSIONAL EXPERIENCE

### SOFTWARE DEVELOPER | SENWELL SOLUTIONS, PUNE | AUG 2024 – APR 2025

- Developed banking and healthcare applications using Angular 14, .NET Core Web API, ADO.NET, and SQL Server.
- Designed RESTful APIs and implemented secure data transactions using Entity Framework Core.
- Built reusable Angular components with lazy loading, routing, and RxJS Observables for real-time updates.
- Automated deployment pipelines using Azure DevOps CI/CD.

### SOFTWARE DEVELOPER | INTONE NETWORKS, HYDERABAD | MAY 2023 – AUG 2024

- Developed HRMS and NYC DCAS applications with Angular 13+, Web API, and .NET Core backend.
- Integrated front-end modules with backend APIs and optimized SQL queries for performance improvements.
- Utilized RxJS for state management and real-time UI updates.
- Refactored legacy modules into microservices using Entity Framework and ADO.NET.

### SOFTWARE DEVELOPER | NFC SOLUTIONS, HYDERABAD | APR 2022 – AUG 2022

- Built ticketing and inventory management systems using ASP.NET MVC, Angular 12+, and SQL Server.
- Developed Web APIs, stored procedures, and complex SQL queries for large data operations.
- Ensured cross-browser compatibility and responsive design for Angular components.

## EDUCATION

Bachelor of Technology (B.Tech) in Electrical Engineering

Graduated: Oct 2021 | CGPA: 9.71
